## SUMMARY

An ambitious final year Computer Application student with an ability to turn ideas into impactful projects. Passionate about leveraging cutting-edge technologies like AI and Cloud Computing. Young and mature individual prepared to transition seamlessly into full-time employment with confidence and responsibility.

---

## SKILLS

### 1. Technical Abilities

- **Programming Languages:** Java , Python , C, C++
- **Web Development:** HTML, CSS, JavaScript
- SQL Database Management
- Mobile Application Development

### 2. Core Concepts

- Computer Networking & IoT, Data Structures, Data Mining

### 3. Soft Skills

- Effective Communication
  - Adaptability and Quick Learning
  - Time Management
- 

## EDUCATION

### Bachelor of Computer Applications (BCA)

Vellore Institute of Technology, Vellore | JULY,2025

CGPA:8.55

---

## TOOLS & TECHNOLOGIES

- **Programming Tools:** Visual Studio Code, Jupyter Notebook
  - **Web Development Tools:** GitHub, VS Code
  - **Cloud Platforms:** AWS, Google Cloud, Netlify
- 

## INTERNSHIPS & PROJECTS

### AI Intern | Twitter Sentiment Analysis Project

IIT Roorkee, Teachnook | August – September 2024

- Worked on sentiment analysis of Twitter data to extract insights into public opinion.
  - Utilized Python and machine learning libraries (e.g., Scikit-learn, NLTK) to clean, preprocess, and analyze social media data.
  - Developed models to classify sentiments and visualize trends in the data.
  - Contributed to project reporting by presenting data-driven findings for decision-making.
- 

## VOLUNTEER EXPERIENCE

### NSS Volunteer

VIT Vellore | [2023-2024]

- Participated in community service activities focused on social welfare, health, and education.
- Organized and coordinated events such as blood donation drives, environmental clean-ups, and awareness programs and worked collaboratively with teams to support various initiatives aimed at improving local community well-being.
